

## 19", Modular, 10G Patch Panel

### Description

Opterna snap-in type FTP patch panel is designed for customized connectors. Based on your design requirements, you can snap your preferred connectors in and make your own style patch panel.

Opterna 10g patch panel has a staggered rear cable management to minimize alien crosstalk and achieve peak 10Gig performance.

The evenly designed patch panel provides an efficient and effective method of reducing alien crosstalk (AXT) from neighboring connectors.

### Application

Standard size for mounting in 19" racks and cabinets  
This patch panel is designed for FTP 10G keystone jacks  
Height: 1U (24 ports)

### Materials:

Metal housing: 1.5 mm thick steel

### Construction Characteristic Features

Rack mounted snap-in CAT 6A patch panel provides excellent performance for high speed networks.  
Window style label strips with outlet numbers  
Integral cable management  
Modern design and simplicity of mounting  
Numeral marking of ports on the front side of the panel  
Suitable for 10G Category6a FTP Keystone Jack

### Package

Unloaded Patch Panel  
Rear Cable Manager

### Ordering information

SCS-PPU-24-FTP-10G 19" Modular 10G patch panel, 24 ports, 1U, without modules, with rear cable management
