

### Description:

Opterna cable management products deliver excellent cable management support when used in conjunction with other Opterna 19" products.

The cable managers are designed for use in 19" rack environments for managing patch cords that are connected between patch panels and switch. It is recommended that one cable manager is mounted between every patch panels or switch. Meet EIA310-D standard.

The 19" 1U/2U cable managers are constructed using steel and finished in powder coated black, with 50mm deep steel rings.

The 19" 1U steel cable management with brushing allows the installer to pass patch cords through to the back of the cable management giving an aesthetically pleasing look to the cabinet.

19" Cable Manager with Rings, 1U

19" Cable Manager with Rings, 2U

19" Brush Cable Manager, 1U
