

## Wall-Mount Cabinet, Double Section

Opterna double section wall mount cabinet is suitable for applications where security and accessibility are required and floor space is at a premium. This versatile cabinet mounts to a wall.

The cabinets are designed to hold multiple pieces of voice/data equipment comfortably. Opterna double section wall-mounted electronic enclosures are designed to hold 19" rack mounted equipment.

The double section cabinet features a swing which allows easy back entry, a lockable glass door, adjustable front profiles and removable gland plates at the top and bottom.

### Features

- ❖ Double section frame structure for easy back entry
- ❖ Constructed with rigid frames that can be fitted on a wall.
